Further, on July 23, a similar meeting was held at the Institute of Japanese Studies of our partner university—the Free University of Berlin.

Including Prof. Dr. Hijiya-Kirschnerreith and the students from the Free University who will study at the University of Tsukuba as well as exchange students from Tsukuba currently studying in Berlin, 12 people in total attended the meeting. Students had many questions concerning study and life in Tsukuba and had a lively discussion on their upcoming exchange.

On July 4, an informative meeting for exchange students from the Universities of Bonn and Cologne was held in the headquarters of the DAAD where our European Office is located.

The meeting was attended by a total of 18 participants including Dr. Tamura, a lecturer at the University of Bonn, students from Bonn and Cologne who will study at Tsukuba from this autumn, and exchange students from Tsukuba who are currently studying in Germany.

Many German students greatly appreciated the meetings as opportunities to not only obtain valuable information on their intended study in Japan but also to get in touch with Japanese students from the University of Tsukuba.

The meetings eased their anxiety regarding their stay in Japan, and also fostered support for a pleasant start of study at Tsukuba.
